

How To Change Supplier On A Product

Step One	Go to the Dashboard, General Data and then Product.	 The image shows two parts of a software interface. On the left is an icon labeled 'General Data' consisting of three blue spheres and a blue cube. On the right is a vertical menu with three options: 'Customer', 'Product', and 'Supplier'. The 'Product' option is highlighted with a yellow background.
Step Two	Click Search to find your product and then double click your chosen product.	
Step Three	Click Search on the right of "Supplier Name"	 The image shows a search interface. On the left, the text 'Supplier Name' is followed by a text input field containing the word 'Wanshun'. To the right of the input field is a button labeled 'Search'.
Step Four	This will direct you to the Supplier database. Click Search or type the name of the Supplier in the "Keyword" then double click the chosen Supplier.	
Step Five	The new Supplier will be attached to your product and you can then click OK at the bottom of the screen to save your changes.
